

ENGINEERING TECHNOLOGY | PEOSTA

Admission Requirements

Placement Testing.

Engineering Technology applicants must satisfy the math placement test requirement prior to being accepted. Requirements may be satisfied by college or high school coursework, or completing one of the following placement assessments: ACT®, ALEKS® or SAT®. Students should submit their high school transcript, assessment results or their official college transcripts to the Admissions Office for consideration of an assessment waiver. The placement assessment must have occurred within three years of your application date. Engineering Technology applicants must meet one of the following minimum requirements for math placement:

- ALEKS® minimum score: 30
- ACT® math minimum score: 19
- SAT® math minimum score: 510

Admission Status

Pending Requirements.

Students with a pending requirements status have submitted an application to the Engineering Technology program, but have not completed one or more of the admission requirements outlined above. Students with a pending requirements status are not ranked on the waitlist until all requirements have been satisfied.

Waitlisted.

Waitlist students have all the admission requirements completed and are waiting for acceptance into the Engineering Technology program. A waitlist is necessary due to limited capacity for enrollment in the program. Students are ranked on the waitlist based on the date they complete all admission requirements.

Accepted.

The Engineering Technology program begins in the fall each year. Students at the top of the waitlist will be offered entry into the program and will be required to respond to the Admissions Office if they are interested in enrolling to avoid cancellation of their application. A student who refuses an acceptance offer will be placed at the bottom of the waitlist as of the date admissions receives notice of their intent not to enroll.

Program Costs	Engineering Technology
Tuition & Fees	\$18,156 in-state* \$20,505 out-of-state*
